Each year the Arizona Chapter Associated General Contractors meets to update our Strategic Plan. This annual event allows you, our members, to assist in guiding the direction of the association. The session allows AGC to re-evaluate the plan and make the necessary changes needed to better serve our membership. Membership participation from both contractors and affiliates is critical to the success of this event. The support and feedback obtained during this planning session prepares AGC to more readily respond to industry needs. Please plan on joining us in Napa Valley, California.
